ML SERIES SHORT MAGAZINE BARFEEDS

- ◆ Simple, intuitive programming
- ◆ Automatic setup and Direct Connect™
- ◆ ATS installation, training and 3-year warranty

QUICK JAW CHANGE ULTIMATE CHUCK™

- ◆ Change or adjust all three jaws in one minute
- ◆ .0005" TIR repeatability eliminates soft jaw reboring
- ◆ Longer jaw stroke than older models

ACCU-ROCK™ ROTARY TABLES

- ◆ Sizes from 5C collet to 24" faceplate
- ◆ Operate by full 4th axis, RS232 or M-code
- ◆ Interface and training by local ATS engineer

BIG MOUTH™ SELF-CONTAINED AIR CHUCKS

- ◆ Large unobstructed through hole
- ◆ No rear cylinder or draw-tube to reduce capacity
- ◆ New, safer, test-in-place non-return valves

OMNIREST™ SELF-CENTERING STEADYREST

- ◆ Automatically self-centers over entire grip range
- ◆ .0002" centering repeatability
- ◆ Turn-through and follow-rest applications

COLLET CHUCKS

- ◆ Precise length control
- ◆ Unlimited RPM
- ◆ Standard and custom collet chuck systems available

Manual Steady Rests
Full Wrap and Pass Thru Designs
Starting at \$6900

Full Wrap Ranges

For Optimum Tool Support

- 0.375" – 6" Diameters
- 1" – 8" / 9.25" / 12" / 14" Diameters
- 1.25" – 18" Diameters
- 4" – 25.5" Diameters
- 6.5" - 20.5" Diameters
- 10" – 31" Diameters
- 17" – 34.5" Diameters

Pass Thru Ranges

For Optimum Tool Clearance

- 0.5" – 6" Diameters
- 0.5" – 9.25" Diameters
- 0.5" – 12" Diameters
- 0.5" – 16" Diameters
- 1" – 9" Diameters
- 2.5" – 18" Diameters

FEATURES

- Hardened and ground construction with rigid roller bearings for today's extreme machining and tight tolerance work holding needs. Black Oxide coated for corrosion protection.
- Fine threaded adjustment screws and bronze nuts for easy adjustment.
- Overhead lifting eye bolt, fitted cover and roller cart for quick and easy removal, storage, and retrieval.
- Designed to fit most slant and flat bed CNC's and manual lathes including Hyundai-Kia, Daewoo (Doosan), Mori Seiki, Mazak, Leadwell, Okuma, Hwacheon, Milltronics, Haas, Fortune, Dianichi, Johnford, Fortune, Femco, and others.
